

Welcome Hunters to Crawford County

Your Guide To Shopping In Grayling

Buck Pole Contest

A lucky hunter during the first two days of the deer season next week will win a new deer rifle with telescopic sights.

The rifle will be the grand prize for the totally new Orangeton Roundup scheduled to be held in Grayling on November 15-16. The contest for the whitetails this year will be held for the two days and duplicate prizes for most classes will be awarded each of the two days.

The committee chaired by

"Skip" Madsen has established the two day prizes as \$50 Savings Bond awards. They will be handed out for the first 10 bucks each day hung on the new buck pole at Skip's Sport Shop. The first successful female hunter, the oldest successful hunter, and the youngest successful hunter will also receive the bonds.

In past years, badges purchased in advance of entering the bucks was a requirement.

Bucks Only for Most Hunters Here

By Jon Thompson

Most of Crawford County will be closed to antlerless hunting this year. Ray Perez, DNR wildlife biologist for Crawford and Kalkaska counties, said only state land east of I-75 & north of County Road 612 will be open for antlerless hunting this fall. Last year most of the county was open for hunter's choice. Perez said 500 antlerless permits have been issued for the area with an expected harvest of one deer per square mile.

Perez said deer surveys indicate the number of bucks harvested in Crawford County will probably be the same as last year. Last firearm season, hunters shot two to three bucks per square mile for a success rate of about 13 per-

cent. Hunters also harvested about 2 antlerless deer per square mile on hunter choice areas increasing the success rate in those areas to about 30 percent, Perez said.

Across the state about 140,000 hunters were successful out of more than 700,000 who bought licenses for an average success rate of about 20 percent.

Perez said most of the county is being closed to antlerless deer hunting because the deer herd is below the area's carrying capacity.

Hunters should see more fawns than last year because of an easy winter, Perez said. The best places for hunting should be cut-over areas and oak ridges. Military lands off Jones Lake Road and the Bald Hill Fire area should be good

locations in Crawford County, he said. The southeast portion of Kalkaska County should also be a good hunting spot.

Robert Strong, of the Gaylord DNR district, said the southern portion of Otsego should have a good deer population and bucks there could have good antler development following a mild winter.

Perez reminded hunters that the Grayling and Kalkaska field offices will be checking deer and issuing successful deer hunter patches during regular working hours. The field offices will also be open the weekend of Nov. 19-20 to check deer. Hunters can pick up applications for the DNR's annual Big Buck Awards at the field offices.

Sophomore Sets Sights On Switzerland Scenery

By Jon Thompson

Kim Springer's decision to apply as an exchange student to Switzerland wasn't a spur of the moment idea common among some girls 15 years old.

"I've thought about it a lot since May," said Springer, a sophomore honor student at Grayling High School. "It was scary at first thinking of being away from my family and friends for a year, but I know I'll like the new challenges I'll have to face."

Kim wants to spend her junior year in Switzerland in the American-Scandinavian Student Exchange program. She would be the first GHS student to stay in Switzerland in an exchange program.

"The hardest part will be leaving my family," she said. "We're really a close family."

"But they're behind me all the way if this is what I really want to do. My younger sister, 13, and brother, 11, think it's real neat but I don't think they realize how long I'll be gone."

Springer will stay with a Switzerland

family and attend school. She must take a three-week language course in New York before leaving and has to take a language class at school in Switzerland.

"At least one person in the family I stay with has to speak fluent English, and from what I've been reading about Switzerland, more and more of the young people are learning to speak English."

Springer first thought about becoming an exchange student when a local couple returned from an overseas trip and told her about Switzerland. She's never been to a mountainous area before and is looking forward to the scenery and skiing in the Alps. Her favorite sport, however, is basketball. A member of the GHS junior varsity here, she hopes to be able to play overseas.

Springer plans to return to GHS for her senior year to graduate. Some of her Switzerland credits should transfer but she will have to take a full schedule her last year to catch up.

She thinks the sacrifice will be worth-

Hanson Park Plans Ski Season Opening

By Jon Thompson

Hanson Park — possibly the oldest ski park in Michigan — will be opening for ski season again this year, the Grayling Recreation Authority announced after their regular meeting last Thursday.

Lack of snow put the park in debt last ski season, but the four government units comprising the Authority have pledged dollars or services to help the park recover. The Grayling Booster Club and Rotary Club of Grayling have also donated money to the park to prepare for the ski season.

The Recreation Authority have also announced price cuts in ski memberships to attract more skiers. Family memberships have been reduced from \$200 to \$175 for those bought before December 1. Individual memberships are reduced to \$80 for adults or students. Both of these memberships include downhill and cross-country skiing privileges.

Separate cross-country skiing memberships are available for families at \$50 or individuals for \$20.

As in the past, memberships bought before December 1 cost less and members have their names included in a drawing for a free membership.

Daily rates have also been reduced and the Super Skier ticket deal has been cut from \$51 to \$40.

If there is enough snow on the ground, Hanson Park slopes will open for the 1983-84 ski season on December 26. Hours of operation will be from 10 a.m. until 10 p.m. during the Christmas vacation. Beginning January 2, the regular hours of operation will be from 6 p.m. to 10 p.m. on Monday, Thursday

and Friday nights; from 10 a.m. to 10 p.m. on Saturday and from 10 a.m. to 5 p.m. on Sunday. As in previous years, the Monday evening skiing will be reserved for adults.

Tow fees for the coming season have been set at \$9 for students and \$11 for adults for a 12-hour or all-day ticket. The 10 a.m. to 5 p.m. ticket sells for \$6.50 and \$8. Evening only tow tickets are \$3.50 and \$4.50. Rental fees are similar to last season with a full day rental set at \$10 for students and \$12 for adults. The day-only rental, 10 a.m. to 5 p.m., is \$7.50 and \$8.50. Evening-only rental has been set at \$4 and \$5.

The park will feature eight slopes, four rope tows, and a T-bar tow. There are 35 kilometers of cross-country ski trails including two miles of lighted trails. Seven of the ski hills will be lit.

The park will offer ice skating, tobogganing, and rental equipment for downhill and cross-country skiing. A recent addition to the park is a mini-golf and video arcade located in the old Fred Bear Museum.

Park Manager Howard Taylor said a Camp Shawono crew has been working there five days a week and the park wouldn't be around without their help.

In the last two years the Camp Shawono crews have helped install wood heat in the lodge, new lighting on ski slopes, helped build a cross-country groomer, an island picnic area, horseshoe pits, a softball field, basketball court, new lodge roof and front wall, painted the entire lodge, revamped cross-country trails, cleared downhill slopes, and performed all types of maintenance.

Chamber Membership Campaign Underway

Since early this spring, the Grayling Regional Chamber of Commerce has been soliciting new members and now boasts a membership of 179. With November being the month of our official membership drive the campaign is now in full swing. If you are one of 146 business

persons in the Frederic, Lovells, Grayling area who is not already part of "The New Chamber", one of the twelve directors will be contacting you this month to invite your participation. Please be as receptive to their invitation as they will be to your ideas and comments.

Earlier this year a committee of members and non-members developed a new dues structure in which you

will find considerably lower dues for most all types of business.

A change of management in the chamber has left some potential members on a skeptical fence, for those we offer these considerations; The membership of "The New Chamber" is as high right now as it has ever been.

Within this membership is the largest pushing, pulling, working nucleus of in-

Veterans Saluted by Grayling State Bank

Veterans will be honored by a ceremony Friday, November 11, at the Grayling State Bank featuring the Grayling American Legion Post honor guard and a National Guard color guard.

The ceremony will feature American Flags given by the United States to families in memory of those who served for their country. Any area families who would like their flag included in this memorial service on Veterans Day should call the Grayling State Bank. Flags will be returned after the ceremony with a certificate of acknowledgment from the bank.

The ceremony is planned for 10:30 a.m. and will end at 11 a.m. the time the Armistice was signed. Last year more than 250 persons gathered on the bank lawn for the ceremony.

To Close on Veterans' Day

The Grayling City offices, Crawford County Courthouse, Wurtsmith Community Federal Credit Union, the Grayling Post Office and all federal agencies will be closed on Friday, November 11 in observance of Veterans Day.

Avalanche To Publish Tuesday

Due to the Thanksgiving Holiday Thursday, November 24, the Avalanche will publish that week's issue Tuesday, November 22. Instead of on Wednesday, our normal publishing day. All news copy and advertisements for the Thanksgiving issue must be in our office by Friday noon, November 18, or earlier.

From Our Corner...

VETERAN'S DAY

This year Veteran's Day will have an added meaning in honoring those who gave their lives so the rest of us may live in a free country...in the past we honored those who lost their lives in the time of war...this year, we also honor those who lost their lives in the massacre of Beirut and those in Grenada trying to preserve peace in this troubled world...

Once again, through the efforts of Jack Alef, President of the Grayling State Bank memorial ceremonies will be held on the bank lawn Friday, Nov. 11th at 10:30 a.m., to 11:00 and will give all of us a chance to pause for a moment to pay our respect to those who have paid the supreme sacrifice...

Another white tail season opens this coming Tuesday, November 15th and along with that brings a weekend with our T.C. gals...John and friends put up a deer camp out west of here on the Crawford-Kalkaska county line and the wives come and spent the first weekend with them and so, that means we will have T.J. and Stefany with us from Friday evening until Sunday afternoon...it used to be babysitting, not no more, it's girl sitting now...

With the advent of Deer season possibly the north country will be run over with orange coats come Tuesday and give our sagging economy a shot in the arm...seems like eternity since Labor Day...we remember back when the first few days before the season opened the streets would be loaded with cars and hunters...possibly it will be like that this year...the experts claim there are deer in the woods...

For those interested, we got one foot in the door of our den this past weekend...not too much was accomplished but, it was a start...now if we can get our bride to throw the stuff away that she moved from one side of the room to the other, maybe by Christmas we will have a little den by ourself...we will take the radio and she will be able to watch all the golf on TV she wants...that is if she will let us watch the halftime shows, of the football games, especially when the Dallas Cowboys are playing, they have such lovely bands in Texas...

Congratulations and again the Tip of Our Derby goes to Coach Bill Klinger and his coaching staff and all the varsity Viking football players for a very successful season...the Vikes finished the season with a 7-2 record overall and was 4-1 in the Class C portion of the Michigan-Huron Shores Conference which gave them a tie for first place...on their way to the 7-2 record the Vikings recorded six shutouts...that tells something about their defense...

This takes care of this week's turkey, so will say goodnight to T.J., Stefany and Amber and to all of our readers have a nice weekend and to those of you who will be out there trying to outsmart the white tail, good luck...

Thanks to you...

The Bible Speaks

From Calvary Baptist Church

THE GLORY OF PAUL'S MINISTRY

Romans 15:17-22

Last week we saw the reason for Paul's bold ministry in verses 14-16 since his office, his message and his work were all of God, and to the glory of God. It follows naturally then, that the next 6 verses will show us that all glory in Paul's ministry is to be given to God alone.

Paul reminds us that all glory in his ministry is to be through Jesus Christ and to God. "I have therefore whereof I may glory through Jesus Christ in those things which pertain to God." Romans 15:17.

Paul reminds us that he will take no credit for his ministry, but will give all the credit to Christ. "For I will not dare to speak of any of those things which Christ hath not wrought by me, to make the Gentiles obedient, by word and deed." Romans 15:18. Notice again the result of Paul's ministry was to make the Gentiles obedient by word and deed. "By Word" speaks of their belief or doctrine learned from the Word of God. "Deed" speaks of their life or practice of Bible truth in their daily lives. The whole purpose of the gospel ministry is to cause others to know, believe and practice the truth of the Bible.

Paul reminds us that the supernatural signs and power of his ministry were from the Holy Spirit and to the glory of God. "Through mighty signs and wonders, by the power of the Spirit of God; so that from Jerusalem, and round about unto Illyricum, I have fully preached the gospel of Christ." Romans 15:19. Although Paul was faithful in carrying out his personal responsibility to preach the gospel to every creature, he attributed all the success of the supernatural power to the Spirit of God.

Paul reminds us that his ministry was not in competition with other men of God, but only to reach those

who did not know, with the truth of God. "Yea, so have I strived to preach the gospel, not where Christ was named, lest I should build upon another man's foundation: But as it is written, To whom he was not spoken of, they shall see: and they that have not heard shall understand." Romans 15:20,21. It is not the purpose of this column to pull people out of other churches, but to give all people in Grayling an opportunity to know, believe and practice Bible truth they have not previously known.

Because Paul's ministry had been all from God, based only upon God's Word, and only for God's glory, he had faced much opposition. "For which cause also I have been much hindered from coming to you." Romans 15:22. Paul reminded us in 2 Corinthians 11:23-33 of some of the persecution he suffered over his ministry. "...In labours more abundant, in stripes above measure, in prisons more frequent, in deaths often. Of the Jews five times received I forty stripes save one. Thrice was I beaten with rods, once was I stoned, thrice I suffered shipwreck, a night and a day I have been in the deep: In journeyings often, in perils of robbers, in perils by mine own countrymen, in perils by heathen, in perils in the city, in perils in the wilderness, in perils in the sea, in perils among false brethren; In weariness and painfulness, in watchings often, in hunger and thirst, in fastings often, in cold and nakedness." Paul's ministry was to the glory of God, he would never have been voted the most popular clergyman in town. (adv.)

MPG Not All It's Cracked Up To Be
Fuel efficiency alone is seldom a good basis on which to select a new car, according to a Texas A&M energy publication. With the new model year just beginning, consumers should also consider comfort, dependability, performance, safety and economy to meet their driving needs, the report warns.

Stoddard-Gabriel Speak Vows

Patricia Susane Stoddard and Mathew Mark Gabriel were united in marriage in a double ring ceremony on October 1, 1983 at the Michelson Memorial United Methodist Church. Rev. Jeffery Regan officiated at the one o'clock ceremony. The bride was given in marriage by her parents, Mr. and Mrs. Charles Stoddard.

The maid of honor was Renee Deman. Kathy Coe, sister of the groom, and Patty Stiene were the bridesmaids.

John Patnode was the best man. Groomsmen were Kenneth Stoddard, brother of the bride, and Brent Gabriel, brother of the groom.

Mike Demaines and Darryl Babbitt ushered. The flower girls were Trish Duncley, niece of the bride, and Nettie Deman. The ring bearer was Bobby Deman.

For her daughter's wedding, Mrs. Stoddard chose a floor length pink gown. The groom's mother was attired in an orange and white floor length gown.

A reception was held in Frederic at the home of the bride's cousin, Allen Baldwin. The wedding cake was prepared by the bride's aunt, Kay Gabler of Rapid City. The groom's cake was made by the bride's cousin, Sheila Tinker of Farmington. Out of town guests were from West Branch, Holly, Farmington, Taylor, Grand Ledge, Grand Rapids, Flushing, Manicelona, Rapid City, Roscommon and Wichita, Kansas.

After a honeymoon trip to Indiana, Illinois and Taylor, Michigan, they will be making their home in Frederic.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

If it were 1883 instead of this year of 1983, the Big Timber would be echoing to the sounds of logging. The camps would be complete; the network of roads through the intended choppings would be nearly finished. The railway and the river would be ready for the river drive barely five months away, the river having been cleared of sweepers and natural logjams and straightened and groomed to help prevent, if possible, logjams. Falling crews would be at work with axes and saws falling and bucking into log-length centuries' old pines. The teamwork needed to make a crosscut saw sing through a big stick was developing. By season's end, the saw and axe would have melted any excess fat from the men's bodies until they were pure bone and muscle. Even at this time of the year, early in the season, the men would be leaving camp well before daylight penetrated to the butts of the big pines. In camp, only the cook and his crew; the wood butcher who built and repaired sleds and who could shave out a toothpick or a sleigh runner with an axe; the barn boss who had charge of feeding the horses, and the blacksmith, who would be putting the ironwork in shape before all the teamsters arrived, would be left. But it is not 1883 and you have to listen hard for those echoes.

The New Dream

By Rev. Thomas A. Bruno
Minister of
The Congregational Church
Roscommon

If we fear God, we need fear no one. If we don't fear Him, we will need to fear everyone and everything.

In the year 156 after the death of Christ, there lived a man who feared God and served Him. He was a Christian and his name was Polycarp, the elderly bishop of the church at Smyrna. One cold and dark February night in that same year he was captured by Roman soldiers who were bent on the destruction of the Christian Church. He was brought under duress before a hostile crowd of spectators gathered in a stadium where they had already seen innocent victims eaten alive by lions. The Roman Proconsul urged him "Curse Christ, and I'll release you."

The aged Polycarp replied, "Eighty six years have I served Him and He never did me any wrong. How then can I blaspheme my King who saved me?...Hear my free confession - I am a Christian."

The proconsul was angry now and he screamed out "I have wild beasts!"

"Call for them," replied Polycarp. "I am unalterably resolved not to repent from good to evil."

The angry crowd gathered firewood in the streets and heaped it in a pile to burn Polycarp. Then they tied the old man's hands behind his back and he prayed these words, "Father, I bless Thee for having been pleased in Thy goodness to bring me to this hour."

When they lit the fire an eyewitness describes what happened, "And when the flame flashed forth, we saw a miracle...for the fire made the shape of a vaulted chamber, like a ship's sail filled by the wind, and made a wall around the body of the martyr. And he was in the midst, not as burning flesh, but as bread baking or as gold and silver refined in a furnace."

The crowd seeing that Polycarp's body could not be burned stabbed him with a dagger. The blood poured out of his wound and extinguished the fire. The aged and respected bishop was finally killed by their hands but not before he had once again witnessed that he did not fear them but only loved and feared the living God who would not safely take him Home!

Polycarp well understood the words of Jesus Christ and more importantly LIVED AND DIED by them.

Governor Opposes Nuclear Waste Storage in Michigan

Warren M. Hoyt, Executive Director, MPA

Governor James Blanchard recently declared his opposition to Michigan becoming a site for one of the U.S. Department of Energy's high-level waste storage projects.

Michigan is one of 17 states formally under consideration for a "crystalline rock" waste site to be opened early in the next century and the DOE has reported renewed interest in a salt bed similar to others in four of the six states being studied for a site to be opened by 1998.

In a letter to DOE Secretary Donald Hodel, Blanchard asked for more information regarding those studies and raised questions about agency procedures, but firmly stated, "I believe it is unlikely that a high-level repository can be located in Michigan that will adequately protect our water resources and the safety of our citizens."

"Our proximity to the Great Lakes and high water table make underground storage of radioactive waste in Michigan risky, at best. Yet we will be unable to defend our rights without adequate knowledge of federal activities," the governor said.

Congress has authorized governors to veto locating a waste project in their states, subject to Congressional override.

Nuclear power plants in Michigan generate the kind of waste that would be deposited in the facility, but David Dempsey, the governor's assistant for environmental matters, said the Great Lakes and underground water supplies give that state particular reasons to be exempt. "We don't want to cooperate. We

want to exercise our rights," he said.

Dempsey said the governor was disturbed about reports the DOE is again studying salt formations near Alpena but despite requests for an updated status of that study, no information has been provided. He said the site's location near Lake Huron make it a particular problem.

Regarding the Alpena study, Blanchard in his letter said: "I strongly oppose this course. In general, I am disturbed about the vagueness and lack of public information associated with the high-level siting process. But I am particularly disturbed that I have learned of your Department's interest in the Salina Salt deposits only through informal comments and news accounts."

Granite formations in the Upper Peninsula are also under consideration and the governor noted a public hearing in Marquette drew over 400 persons.

The hearing held by a task force on high-level radioactive waste resulted in recommendations but did raise several questions about procedures used by the department and the criteria it will use in selecting a site.

Among those questions is to what extent population density will be a factor in determining a site. Dempsey said the fear is that such areas will be considered the most politically desirable sites.

Dempsey said the letter does not say so explicitly, but the governor hopes the DOE will conduct an environmental assessment of the effects of the waste storage on the Great Lakes.

CUB SCOUTS DONATE AMBULANCE EQUIPMENT—Cub Scout Pack 3993, represented by Joshua Peritt, Nathan Ginther, Jason Medler, Jamie Brankov, James Mattson, and Paul Kamph, Jr., presented the Crawford County Ambulance Corps, represented by Sheriff Joe White, John Wilcox, Roxanne Adams, Bob Kelly, and Tony Doremire, with a pediatric leg brace and two pediatric neck braces worth \$250. The Cub Scouts earned the money to buy the ambulance equipment through fund raisers such as the Cub Scout dads versus the sheriff deputies basketball game.

What's So Special?

By Sharon Prislipsky

There are six new students at Roscommon Elementary School. They look and act just like the other kids. They can't wait to get out on the playground for recess with their friends. They are excited by the novelty of a new school, a new teacher and new challenges.

The youngest, a four year old, wears a hearing aid that is like a tiny radio on his chest. He hears only the loudest noises, even with his aid. He might not hear you, even if you shout at him. An older child enthusiastically tells his teacher about a trip her family took this summer. She communicates mostly by sign language. She is bright and alert. Except for her lack of good language skills, she is able to learn like any other second-grader.

"The terrific thing about teaching hearing impaired kids is their great ability and willingness to learn," says special class teacher, Julie Ray.

It is difficult to describe a hearing impaired child. They differ greatly in degree of hearing loss and the cause of the loss. Some children are born with hearing impairments, others lose their hearing through illness or injury. They use a variety of communication methods. However, hearing impairments can now be detected even in infancy.

A child may be hearing impaired if results of audiological testing show that his or her hearing is interfering with ability to learn. The hearing problem may be correctable for some children. Others, even with the use of aids, may never clearly hear a human voice. Some will learn to speak well enough to communicate normally with family and teachers and employers. Some will use signing in addition to oral speech. All can learn to read, write, spell and do math. All can achieve in school.

If a hearing impaired child is exposed to alienation and suspicion, he will certainly grow up "different" and

troubled. If he or she is surrounded by patient, caring friends - both children and grownups - he can do anything others can do.

If you happen to be driving past Roscommon Elementary in the coming weeks or months, you will probably see many children "talking with their hands". You probably won't know which are hearing impaired and which are just learning to communicate with their new hearing impaired friends. These very special youngsters are already accepted.

Perhaps you know a child or adult under age 26 who may have a hearing impairment, help is available. Call your school principal or the C.O.O.R. Intermediate School District. We care about kids.

All You Need is a Song

The Grayling Middle School now has a pop-pom team made up of twenty 6th grade girls. The girls are hardworking and have already performed at several basketball games. Be sure to see them at future home games.

History

On Wednesday, October 26th, Mr. St. Germain had as guest speaker for his History class Mr. Elmer Fenton. Mr. Fenton talked to the History class about the past history of the City of Grayling.

Grayling Elementary School News

In Mrs. Knibbs' second grade class, they worked with clocks. They learned about the hour hand and the minute hand.

They also learned about sound. They found out about the outer ear, the inner ear, and the middle ear.

In science they learned about teeth. They found out the three kinds of teeth we have.

Melanie Ross brought in a gerbil. They fed her sunflower seeds. Her name is Jill. She got two of them for Christmas, but the other one died. She does tricks on her wheel.

By Angie Thompson, 4th grade.

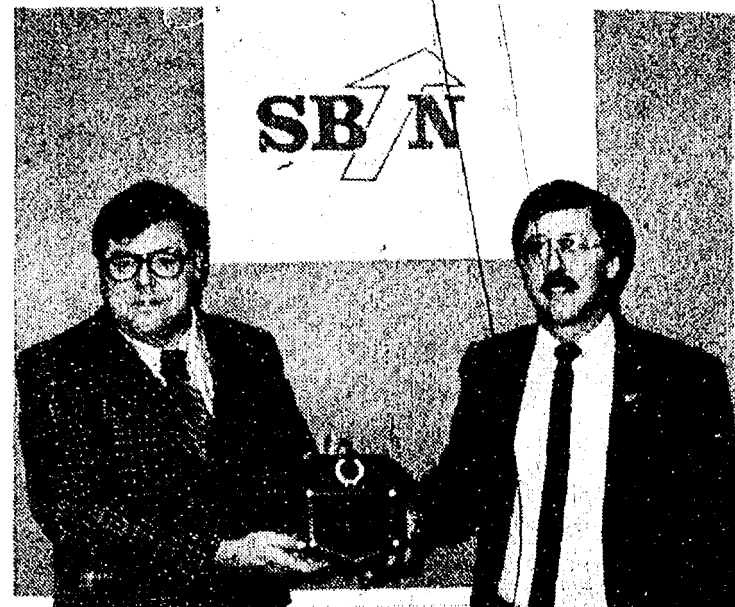

In Mrs. Ingvarsson's classroom they made pumpkins, run-away jack-o-lanterns, and black cats. They worked on the alphabet and now they write words. They are working in addition and subtraction facts and write stories for reading class. By Jordan Stancell, 4th grade.

During the week of October 24, and on, the second grade teacher from the Grayling Elementary School, Mrs. Van Slyke, has been teaching her class how to tell time on a clock. Her exact words were "We are learning to tell time on the clock. My students are learning very well from these math books. My students are learning the difference between the hour hand and the minute hand. We had two filmstrips about time to help us." By Heather Garnett and Shannon Hinds, 5th grade.

As a wage earner, you can deposit up to \$2,000 of your wages in an IRA. \$2,250 if your spouse is unemployed and \$4,000 if both you and your spouse are wage earners. By deducting the amount you deposit in an IRA from your earned income, you pay a lot less tax now and may well fall in a lower tax bracket.

Not only is your IRA investment tax sheltered, the interest earned is tax deferred until retirement. Your IRA account will continue to earn interest on interest, year after year, assuring you of the funds needed for a happy retirement.

Deposit what you can each year. And, there isn't an obligation to make deposits each year.

Stop in, we have the answers to your questions and an IRA program to meet your needs.

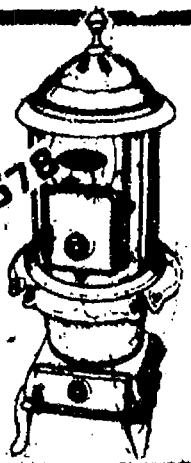

Every wage earner, every self employed person, everyone married to a wage earner or self employed person is eligible for an IRA.

Kirtland Receives State Job Training Grant

Kirtland Community College was recently awarded a grant for \$87,050 from the State of Michigan Job Training and Re-Training Investment Fund.

These funds will be used to conduct a feasibility study for wood technology/sawmill operation, and tourism and hospitality industry development, and how the college can respond to local needs. The college's aviation maintenance and electro technology programs will also be receiving monies for "State of the Art" equipment

and curriculum development/modification.

Both wood related industries and tourism comprise a large amount of existing and potential economic base of northeast Michigan. These resources provide the college to expand new opportunities for development and employment and assist in further diversification of the state's economy. These studies are to determine directions the college may take, not only in the area of traditional and non-traditional training, but also technical assistance.

The Aviation component is intended to increase the employment potential of existing students in the Airframe and Powerplant (A & P) program and retrain/in-service existing employees/unemployed individuals.

Kirtland has the only A & P program in northern Michigan. In northern Michigan, general aviation aircraft are used for business and third level commuter service. In order to expand local/regional job opportunities, it is the intent of Kirtland to invest in a turbo-prop engine with monies from the fund to have a more marketably skilled individual.

The electronics component is planned to meet the needs of training/retraining and inservice of personnel in the changing field of Electronics. This component will augment the investment of this past year in computer operations, word processing, computer aided manufacturing and design, robotics, logic control, and proposed program controlling and micro-processor repair. The interest by the industrial community for their prospective and existing employees to be trained/retrained on "State of the Art" equipment has been very positive.

Kirtland's President, Ray Homer, stated, "We must respond to new trends of employment to insure that we can not only get greater return on investment and training/retraining for jobs, but also further develop the potential of our existing labor force to prepare them for employment through training/retraining, and inservice education."

State Home Delivered

Crawford was a County chosen this year to start a Home Delivered Meals Program. Our program is set up to deliver 6,750 meals between now and September 30, 1984 to the homebound.

We take a hot meal, the same as we serve at the Center, and a cold sack lunch each day, Monday through Friday. The program is for the sick, handicapped, or homebound.

If you are able to get out you are expected to come in to the Center to eat. You can donate to the cost of the meal, the same as the congregate dining.

It is felt that by delivering two meals a day, many persons could go home from the hospital earlier or if handicapped remain in their homes longer thus saving many tax dollars as well as making for a happier individual. Call the Center 348-9314 for more information.

Blueprints For Family Living

By
Rev. Richard H. Wadsworth

Have you ever been a member of the "Shut-Out Club"? You know - that time you saw someone at work, school, or on the street, you spoke and he or she ignored you. Remember the hurt and anger you felt.

It happens to all of us at one time or another. But the greatest hurt comes when the members of the "Shut-Out Club" are in the same family.

One teen confessed to me, "We used to be so close, but I don't get through to my parents anymore. It's just one fight after another."

"Our son comes home from school and disappears. Oh, the body's there but he pulls down the curtain," says the parent.

Parents feel threatened because they think their teenagers are resisting authority and want too much too soon. Teens feel threatened because they are told what to do when they want to begin making their own decisions.

When two threatened people get together, it is easy for both to end up screaming. Angry people say things

they don't mean. Distracted parents punish too harshly. Privileges disappear; resentment sets in.

How can we mend this communication breakdown before it jams all the family machinery? Learn the art of talking WITH people instead of AT them. Here are some suggestions to keep you out of the Shut-Out Club:

1. Next time you are about to explode, take a long walk instead. Get inside your parents/teens and try to understand why they act the way they do.

2. Turn on with love, listening, and sincerity. Keep in mind that listening doesn't include opinions unless asked. Too often teens can't resist the old, worn-out phrase, "You just don't understand," and parents can't resist nailing a few moral spikes to the platform. Don't get "interruptionitis."

3. See the good side and say it. Most people do twice as much when complimented than when criticized. Learn to appreciate one another.

4. Learn to attack the problem, not each other. A sheepherder in Colorado says that in the presence of coyotes, wild horses put their heads together and proceed to kick their enemy. When the wild donkeys are attacked, they face the enemy and kick each other. Put that together and hang onto it.

5. Have the humility to remember that you may be wrong. Few people are mature enough to admit their mistakes. Only a handful try to find truth in the other person's position. In the all-important world of family relations there are three words almost as powerful as "I love you", they are "maybe you're right."

6. "Let not the sun go down upon your wrath" (Ephesians 26). Don't let nightfall come without settling your arguments. Keep short accounts with those you love the most.

The home should be a peaceful harbor where members can get away from the troubles and hurts of the world. When we Shut-Out one another there, where do we go for love and understanding?

Vikings Share Class C Conference Championship

By Jon Thompson

Grayling earned a share of the Michigan Huron Shores Conference Class C championship with a 32-0 rout of Onaway Friday.

Grayling tied St. Ignace with a 4-1 mark, but the Vikings have bragging rights to the title after beating St. Ignace 7-6. St. Ignace won the overall title in the league with their only loss occurring at Grayling.

Grayling matched their best league record ever with a 6-2 mark and recorded their sixth shutout - the most shutouts by a Grayling team since they entered the MHSC in 1972. The Vikings also matched their best overall record, 7-2, since joining the league.

The Green and White ended their season with a bang at home during Parents Night scoring the most points of any of their games this season.

Jim Stewart lit up the air with three touchdown passes and Barsie Cross and Jon Nicholas added long touchdown runs as 15 Grayling seniors ended the season in style.

Cross raced 30 yards to

cap a 73-yard drive in the first quarter as the Vikings went ahead 6-0. The extra-point kick went wide.

Cross intercepted a pass in the 2nd quarter and Darrin White caught a 15-yard pass before Rodney Patterson caught a 9-yard touchdown strike. A two-point conversion run was stopped.

Grayling only took three plays to cover 67 yards before the half ended to go ahead 20-0. Cross churned for 41 yards and Jon Nicholas sped 25 yards for a touchdown. Stewart flipped a pass to White for the extra points.

In the fourth quarter Stewart hit Paul Hamlin on an 8-yard touchdown pass and then connected with Mike Hickey for a 2-yard touchdown pass. The kicks failed on both attempts.

Stewart finished the night at 12 for 20 for 193 yards. Cross gained 84 yards in 7 attempts, Nicholas 73 yards in 14 attempts, and Patterson 24 yards in 5 attempts.

The defense held Onaway to 81 yards on the ground and zero yards through the air. Cross picked off two passes, Hickey one, and Greg Helsel

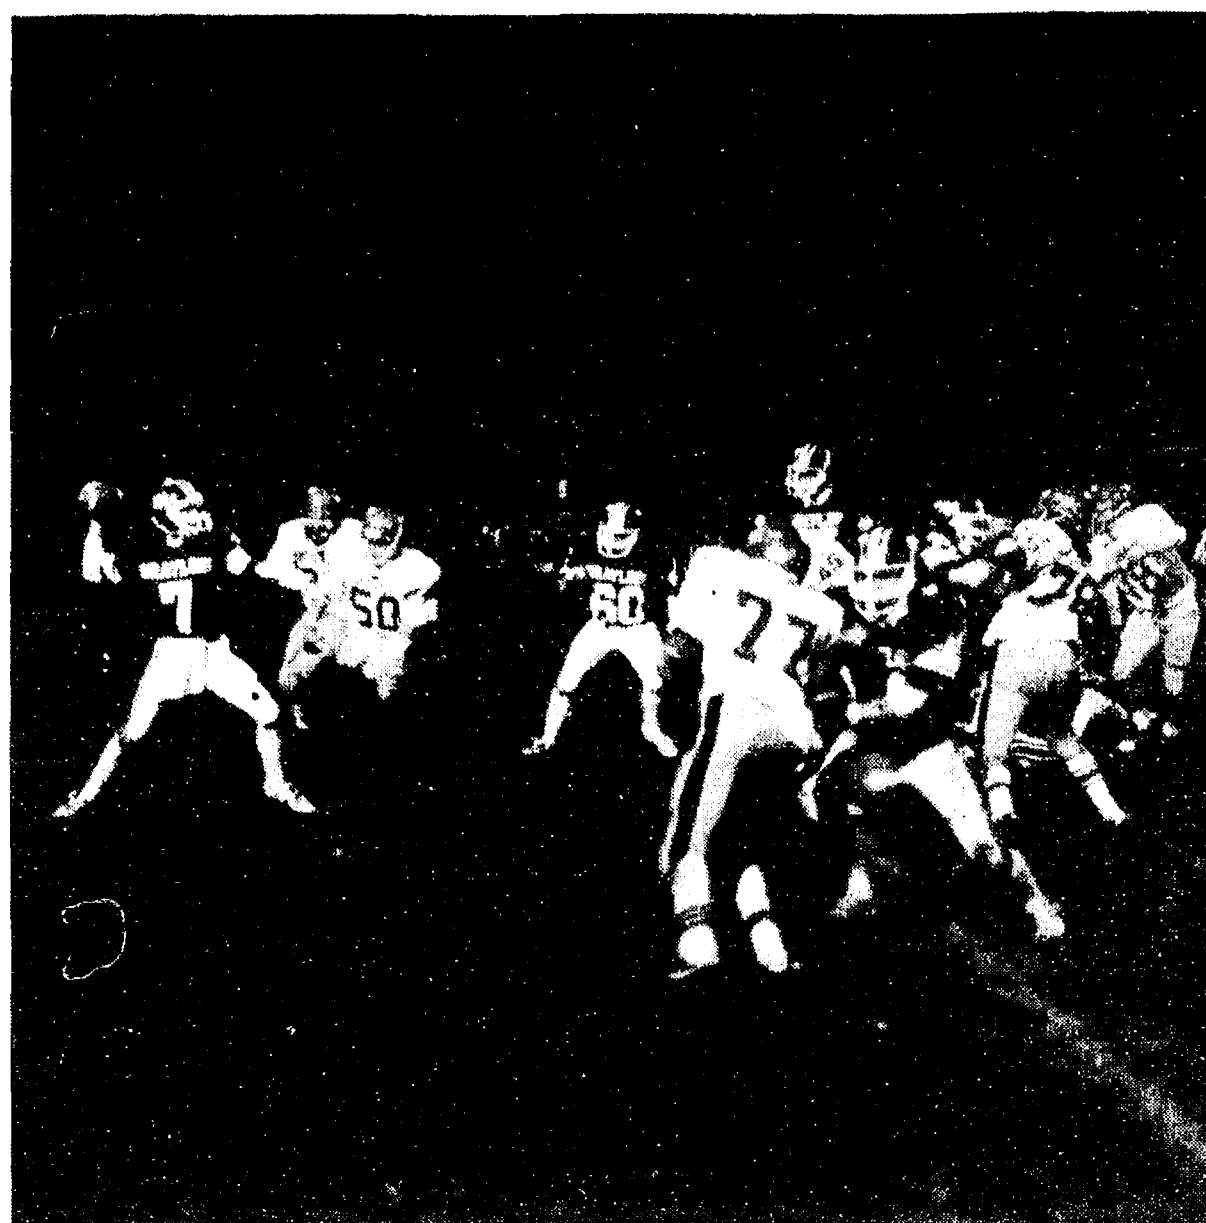

recovered a fumble. Twenty eight Vikings played defense in the sixth shutout with 26 recording tackles.

Seniors playing their last GHS football game were: Stewart, Hickey, Helsel, White, Hamlin, Richie Sajak, Jamie Joseph, Dan LaDuke, Rene Trudgeon, Brian Jacobs, Ken Lademan, Dave Cox, Tom Brooks, Shannon Conklin, and Scott Gabriel.

Head coach Bill Klinger said his team's opening win over Roscommon, co-champion of the Jack Pine Conference, gave them early confidence, and then a shut-out over Gaylord at the Blue Devils Homecoming helped turn the season around. The Vikings were 2-2 before that game and coming off a 22-12 loss to Rogers City where they gave the game away with turnovers.

Klinger said Grayling's come-from-behind 7-6 win over St. Ignace at Homecoming was one of the highlights of a successful year.

The Grayling J.V. team ended their season with a 37-2 loss to Onaway. Their lone win of the year was a 53-0 blitz on Boyne City at home.

Grayling, 12-4, Looking Toward Tournament Success

Grayling fell just short in their first bid ever for a league title, but head coach Tom Mills said his club will have another shot for a trophy when the "second season" - the state basketball tournaments - starts next week.

Grayling failed to beat Class B schools Gaylord and Cheboygan in league play finishing third, but the Vikings won't have to face either school in the Class C tournaments at Roscommon where Grayling opens district play. Grayling's only losses this year were against Cheboygan and Gaylord.

In the Roscommon district they'll join Roscommon, Houghton Lake, Whittemore Prescott, and Beaverton. Roscommon is the only club of the four playing above .500 basketball and Grayling defeated Roscommon 49-37 at home early in the season.

Grayling played winless St. Ignace Tuesday and winds up league play Friday against Rogers City, 6-11. Friday's game will be Parent's Night at the GHS gym.

Last week Grayling pounded Charlevoix 52-31 Thursday after a frustrating 54-39 loss to Gaylord Tuesday.

Against Charlevoix the Vikings never trailed increasing lead from 11-6, 23-17, and 38-28 at the end of each period. Heidi Bendig led scorers with 15, Karyn Reynolds hit for 11, Kris Laudenslager had 7 points and 14 rebounds, Shelly Trenary 8 points, Heidi Derenzy 4, Erin Jones 3, Michelle Barber 2, and Dawn Phelps 1.

Mills said his team played good defense at times against Charlevoix but they are still not moving the ball well on offense like they were earlier in the season.

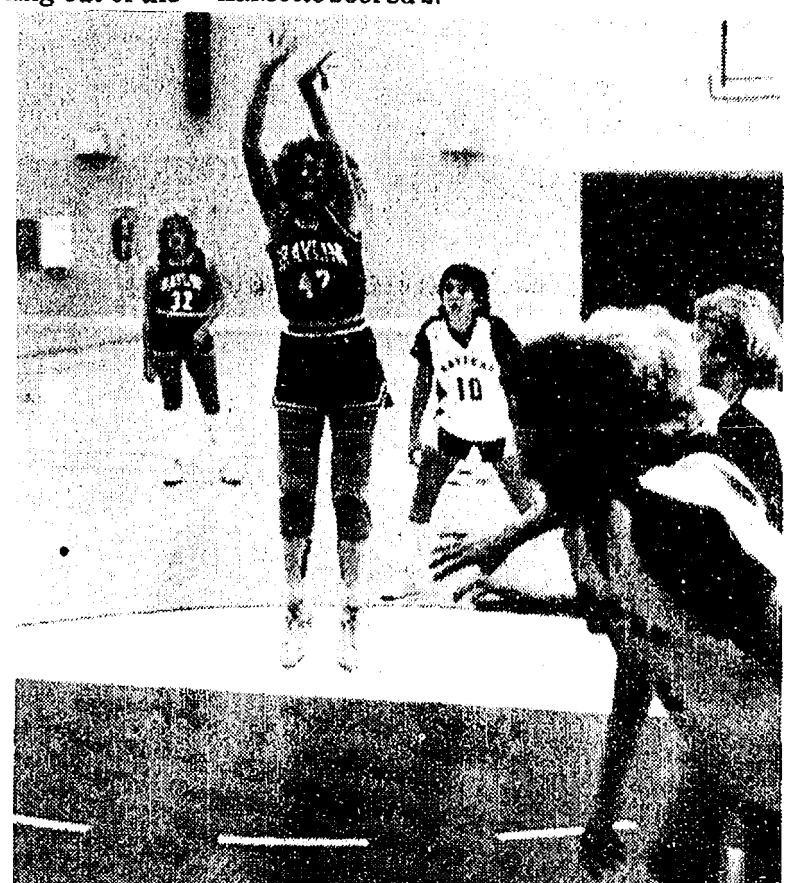

Against Gaylord Mills felt his club was still tentative from a tough overtime loss to Cheboygan that knocked Grayling out of the

title hunt.

Grayling hung close despite shooting 28 percent from the floor and committing 26 turnovers. Gaylord led 17-11 after one period, 27-21 at half, and 35-29 after three periods.

Mills said his team missed some inside shots and Gaylord played well against a Viking man-to-man defense to put away the game at the end.

Reynolds led Grayling scorers with 15 points, Laudenslager had 11, Bendig 8, Michelle Barber contributed 4 points and 15 rebounds, Jones added 2 points, and Lisa LaMotte scored 2.

"This may be the only chance I ever have to do something like this," said Springer, a member of the GHS student council.

Most of the GHS students before Springer were in the Youth for Understanding exchange student program, but ties with that

program have grown apart since a main office was moved from Ann Arbor to Washington D.C. a community bank account to help sponsor GHS students in that program has also been closed. Several GHS staff members will be contacting local clubs and organizations for help to sponsor Springer in the American-Scandinavian Student Exchange program.

Veterans Day November 11

In 1914 a terrible war began. Many countries fought in that war, including the United States. This war was called a World War because men from countries all over the world were fighting in it.

For four years cannons roared. Men in planes fought each other in the skies.

At last came the day when the cannons were silent, when the planes did not go up. It was November 11, 1918. Soldiers everywhere laid down their guns. There was no more fighting.

The warring countries had agreed to end the war. This agreement was called an armistice. And the day on which it was signed became known as Armistice Day.

The news of the armistice spread quickly. Everyone ran in the streets shouting - Peace! Everyone was glad the war was over. But they were sad too, because many soldiers died in that war.

The agreement was signed on the 11th hour of the 11th day of the 11th month. Every year on November 11th at 11 o'clock in the morning everyone stops what they are doing. They stop to think about the brave men who fought for peace.

After the war, everyone hoped that there wouldn't be anymore wars. But there were three more. There was another World War, a Korean War, and a Vietnam War.

You may ask, "Why do they call it Veterans Day if they used to call it Armistice Day?" The answer to that is, in 1954 President Eisenhower changed the name to Veterans Day. So every November 11, we honor the men and women who fought for our country - the war veterans.

So help everyone remember Veterans Day November 11, 1983.

"CITIZEN OF THE WEEK"—The children in Mrs. Larson's first grade class at Grayling Elementary are working toward earning a citizen of the week award. The class votes on who is nominated. There have been three winners so far. These three students are: Rachel Rinehardt, Angie Young, and Joel Lewis. Each one of them has made contributions to the class. They have strived for excellence in their work and all set a good example for the rest of the students to follow.

The first week of nominating was October 14, 1983, and Rachel Rinehardt took the honors for that day. The second week was October 21 and Angie Young took the pleasure for the award. The third week was October 28 and Joel Lewis was awarded.

The class votes on new citizens each Friday. If there is a tie Mrs. Larson chooses. Each week there will be an award displayed for "Citizen of the Week." Congratulations to the winners from the school. By Shannon Hinds and Heather Garnett, 5th grade.

Mercy Hospital Helps For a Safe Halloween

HALLOWEEN HELPERS—Back row left to right: Gary Clark, Education Dept., Chief of Police Pete Stephan, R. Duane Nimke, Executive Vice President of Mercy Hospital. Front row left to right: Carol Shrimpton, Public Relations Secretary, Renate Champion, Executive Secretary. Not pictured was Bruce King, Education Dept. and Sandy King from McDonalds of Grayling.

Halloween should be a day of happiness for the children. They look forward to dressing up in their costumes and going out for trick-or-treats. Unfortunately, the safety of the children has been questioned.

Once it was decided that our community would indeed allow the children to celebrate Halloween, Mercy

Hospital immediately committed itself to providing safety related information. Sr. Mary Ellen, the Chief Executive Officer, feels strongly that Mercy Hospital should be a point of reference and a resource to all residents. So, through the Public Relations Dept., which is presently directed by R. Duane Nimke, the Executive Vice President, individuals were asked to go directly to the children and provide Halloween Safety Tips.

On Friday, Oct. 28, several Mercy Hospital representatives donned costumes and then presented safety information to the delight of the Elementary and Middle schools. To the delight of the school children, a representative of McDonald's of Grayling, passed out gift certificates and other safety items. Such community involvement by Mercy Hospital and McDonalds allowed us to enjoy a more informed and safe Halloween.

Crawford County Board of Commissioners

October 27th Regular Meeting
SYNOPSIS

The October 27th meeting of the Crawford County Board of Commissioners convened at 9:30 a.m. All commissioners were present but Mattis, and seven visitors attended at various times. Following acceptance of the October 11th minutes, twenty eight pieces of correspondence were reviewed and placed on file. Among these were:

Information from MAC regarding legislation relative to County Tax Revolving Funds, which was referred to the Treasurer.

A MAC update on the State's attempt to include mental health funding in the monies required to be returned to local units under Headlee, which was discussed at length.

The 1984 proposed Landfill Budget, accompanied by a report from Miller on status of repairs at the site.

ADDRESSING THE BOARD WERE:

Don Palmer and Bob Chappel from the Transportation Authority, who presented a grant application for a transit depot to be located at the Grayling McNamara Airport. The \$623,704.99 project would be funded with 25% State and 75% Federal grants, and would include construction costs and equipment acquisition. A resolution authorizing the filing of the application was adopted.

Vicki Kalmbach, who presented license renewal applications for the Airport, Airport Manager and Assistant Manager. The Chair was authorized to execute the applications on behalf of the Board.

Equalization Director Larry Hunter, who discussed with Commissioners a Dickinson County resolution calling for a committee to study methods to alleviate the property tax burden. Also discussed were:

Consumer Power Company's proposed land transfer to the Huron-Manistee National Forest. Lands included in the transfer would be open to the public.

Assessment of oil refineries and lines.

Personal property and personal property depreciation. H. James Bourque of Bourque and Associates, who indicated he would accept the County's September 13th Letter of Agreement which proposed contracting his consulting services for a three month period, at a cost of \$750.00. Bourque will seek state and federal funding, with jail renovation programs as the top priority.

SHERIFF JOE WHITE, who:

Was authorized to order an estimated \$50.00 in needed office supplies.

Reported on progress in eliminating grounding problems between his radio system and the computer in the Secretary of State's Office.

Discussed duties and responsibilities of the Ambulance Instructor, clarifying that the EMT training program is a private enterprise, and is not part of the County Ambulance Corp operation. To eliminate confusion between Mr. Doremire's County duties and his occupation as a private instructor, the County position was re-named Director of Ambulance Service.

Advised Commissioners of the need to pay some of the monies owed Motorola on the new portable radios, after which the Board authorized a payment of \$8 thousand.

Informed the Board of the costs being incurred in the boarding of female prisoners in out-of-county facilities, and stressed the need to expand our jail.

Was authorized to order needed uniforms, provided costs remain within budget.

Treasurer Joe Wakeley, whose recommendations for expense increase amendments to the 1983 General Fund Budget were accepted and adopted in the amount of \$129,272.00.

COMMITTEE REPORTS INCLUDED:

Labor: Following discussion on the merits of allowing full Board input and control in collective bargaining agreements, Commissioners ratified a one year contract with the Non-supervisory Unit of the Teamsters Union. Cost is approximately \$5 thousand for 1983, and includes increases in clothing allowances, life insurance, 4% in wages and some language changes.

Judicial: As a result of a recent committee meeting, the Friend of the Court will pursue a more equitable system for serving Crawford County clients, and staggered lunch hours will be initiated in District Court offices to assure all-day service.

Insurance: Following a review of information concerning insurance needs and costs at Hanson Hills, the Board authorized a \$4 thousand appropriation to the Grayling Recreation Authority for insurance coverage.

Roads & Bridges: The petition of Beaver Creek Township residents for improvements to Billman Road has been referred by the Road Commission to the Township Supervisor for initiation of a special assessment district.

Natural Resources: Commissioner Joyce's Land Use Inventory Report will be published in the NACO Newsletter.

District Health: Implementation of the vision and hearing screening programs for school children is still being discussed. The issue of installing a holding tank for the Frederic Post Office septic system to prevent freezing problems in the winter has been resolved.

Soil Conservation: More people should have been utilized in the JTPA projects, since some work could not be completed within the project period due to weather conditions.

Zoning Commission: A special use permit for a storage warehouse on Pioneer Road is under consideration. Applicants who choose not to wait for a regular meeting of the Zoning Commission will be billed for costs of special meetings scheduled on their behalf.

Fish Hatchery: A summary report of the season will be completed by Nov. 1, 1983, and submitted to the Board.

IN OTHER BUSINESS, Commissioners:

Were informed that the Amended Agreement between the Handler K-9 Unit and the County has been signed by Ms. Sprague and the Chairperson.

Re-appointed Joseph Wakeley and Paul Lerg to six year terms on the Economic Development Corporation.

Appointed Katherine Gregg and Carol George to five year terms on the Library Board.

Determined that the District Health Medical Director should utilize the Sheriff Department as a drop off point for files etc. after working hours.

Discussed the indefinite terms of the Transportation Authority Board, and agreed that no charge in term policy should be initiated.

Were informed that maintenance personnel will fix a leak in the jail hot water system.

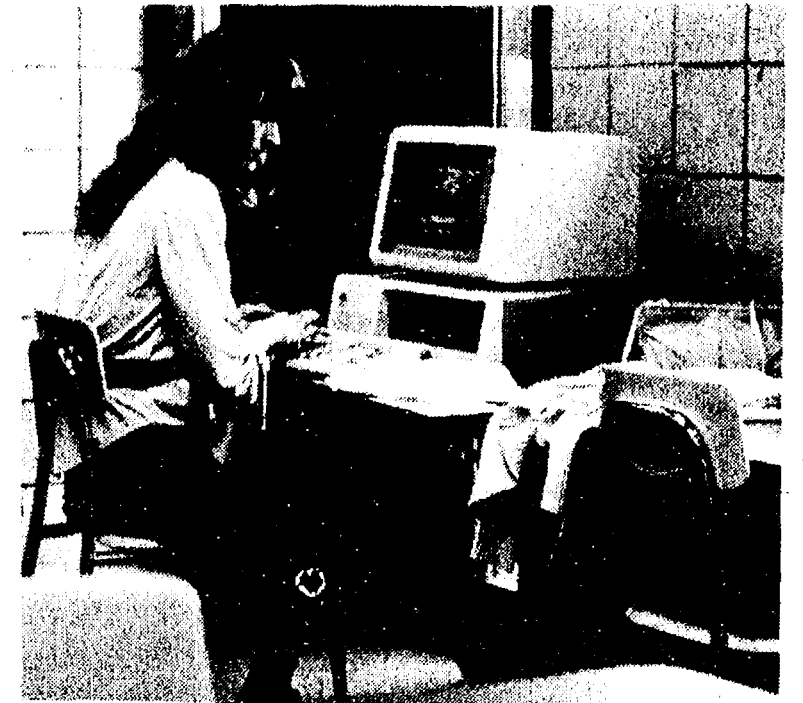

Meeting adjourned at 4:22 p.m.

Mr. Gary McLaughlin appeared to request permission to place banners across M-72 and I-75 BL to advertise the Winter Sports Carnival. Mr. Morford presented Council with information related to past considerations of this type of request. He pointed out the liability for the City which is involved. Mr. Golinick asked why should the banners be up for such an extended period. Mr. McLaughlin replied that it would be to encourage people who are in town to return for the Carnival. Mr. Golinick stated that he felt that that period would be too long and problems would likely occur. Mr. Golinick recommended that the City Manager meet with the Winter Carnival Committee to try to work out the details. Concern was also expressed concerning who would maintain the banners. Mr. McLaughlin said that he would expect that maintenance would be the responsibility of the Carnival Committee.

Motion by Golinick, supported by Latuszek that the City Manager work with Mr. McLaughlin to arrange the banner program and report back to City Council on November 14, 1983 for a decision. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Sabin asked about the congestion at the Post Office. Mr. Morford stated that he has talked to the Postmaster but has received no formal answer to the question. Mr. Golinick stated that perhaps "NO U Turn" signs posted at the location would help. Mr. Morford agreed. Mr. Golinick also suggested the fact be advertised in the local newspaper with the advice that tickets would be issued for violations of the signs. The Council referred the matter to the Police Chief and City Manager for further study and recommendation.

Mr. Golinick stated that the double yellow line on Michigan Avenue looks good even if people are not obeying it.

Ms. Latuszek asked if the financial statements could be given to Council a little sooner before the official presentation. Mr. Morford replied that we will attempt to do so in the future.

Ms. Latuszek asked about name plates for the Council table. Councilman Sloan agreed that they would be appropriate. Council suggested black & white. Mr. Morford will order them.

Red Cross Recognizes Mercy Hospital

Red Cross officials are becoming increasingly concerned about the difficulty of obtaining blood donors during August. In an effort to raise public awareness about the need to donate blood this summer, the American Red Cross today recognized Mercy Hospital as a participating hospital within the Wolverine Region.

RSVP Reports

By Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. RSVP is in the throes of our Annual Mail Campaign fund raiser. Each year we are required by our ACTION grant to raise local matching funds. RSVP's budget for the 11th year is \$39,230. Of this total, \$25,649 is provided through a federal grant. The remainder must be raised locally. RSVP receives no county tax or millage monies. However, we do receive in-kind contributions of office space, equipment and supplies from Grayling Housing Commission and our sponsor, Crawford County Commission on Aging. The actual cash we must raise is \$5,000.

Over the past 10 years, 193,162 hours of volunteer service have been provided by RSVP to 47 agencies and non-profit organizations in Crawford County. Grant year 82-83, RSVP senior volunteers provided 38,920 1/2 hours of service and traveled over 35,000 miles.

RSVP offers meaningful experiences with dignity and significance for anyone 60 years of age or over. The combined efforts of the Retired Senior Volunteer and the communities financial sustenance establish yearly growth and success of this program. At present, there are over 200 seniors enrolled with RSVP.

Contributions are used 100% in Crawford County and are tax deductible. Donations may be mailed to RSVP, P.O. Box 647, Grayling, MI 49738, or dropped off at the RSVP office on Lawn-dale, or can be mailed directly to Grayling State Bank. RSVP appreciates and thanks you for your generous support.

Outreach

The senior citizen population, those sixty and over, has increased by 67.93% since the last census, so we are mandated by the State to have Outreach this year to find the new seniors moving into our area and see what their needs are.

Donna Renaud is working twenty one hours a week on a state funded Outreach Program and Michel Breem is visiting the new senior citizens in their homes to acquaint them with the services and programs offered by the Crawford County Commission on Aging.

I hope you will receive Mike and discuss with him your needs and desires. If there is a program you would like, ask him about it and he will bring the request back to the office. If possible, we will do our best to implement the program. Mike is the husband of Gayle Edward, the County Extension gal who gives us such good programs on stress, nutrition, cooking for two, etc. You will "like" Mike just like you "love" Gayle.

Alumni News

All Grayling Alumni, we need your help. We need more members so we can keep the club.

We need help in: 1) More Members, 2) Younger People, 3) More Ideas.

So if you want to join and you have some ideas for the club, please call 348-7564 for more information.

CARD OF THANKS

I would like to thank Dr. Rosi and staff at Mercy Hospital and also Pastor Robert Barnett for his prayers and visits during my stay at the hospital.

In Christian Love,
Starr Hatfield

Director of American Red Cross Blood Services in the Wolverine Region, presented plaques of recognition to Mercy Hospital officials. "We recognize the vital role each participating hospital really plays," he said, "because the hospital is the last in a series of important steps that enable blood donors to give the gift of life. Without the cooperation of all our participating hospitals," he said, "the Red Cross could not guarantee an adequate, safe, and healthy blood supply for our patients."

The cooperation between the local hospital and Red Cross Blood Services is vital in keeping the rising cost of health care to a minimum, Mueller indicated. "Each participating hospital, along with local industries and businesses, helped us collect over 38,000 units of life-saving blood last year in a cost- and time- effective manner he said.

Because blood is voluntarily donated through the Red Cross, there is no charge for the blood itself when used by patients in a participating hospital. Nor are persons needing blood required to replace it.

The Red Cross administers a cost-recovery fee designed to defray the expense of recruiting, collecting, testing, and distributing blood and blood products. In most cases, health insurance plans will pay for these processing fees. "Working together with the hospital," Mueller said, "The Red Cross believes strongly in 'Community Responsibility' - healthy persons in the community donating blood often and regularly for the sake of those who need it."

But the summer months pose special problems for the Red Cross, Mueller ex-

plained, citing factory shutdowns, school closings, and vacation schedules for families as primary reasons for the donor slow-down during August.

"This past August was especially difficult because of the increased demands by our hospitals for blood products, especially O positive and O negative blood types," Mueller stated. "All our hospitals have been especially cooperative in helping us balance our blood inventories throughout the whole region. This means an occasional shifting of blood supplies from one hospital to another to keep up with patient needs," he said.

The Wolverine Regional Red Cross Blood Services will supply nearly 60,000 pints of blood this year to the 37 participating hospitals of northern and central Michigan, a 27-county area that includes the thumb and two counties, Mackinac and Chippewa, in the Upper Peninsula.

Chamber Chatter

By Joyce Koika

A K-Mart in Grayling has long been the dream of many persons but the thought occurred to us that while the development is great, we have also been blessed with many long time merchants who have served our needs very well. We welcome progress and at the same time realize that many pioneers helped to lead us into an improving economic climate.

Next up on the list of activities in the area is the Orange-coat Roundup on November 15 and 16. The committee headed by "Skip" Madsen has developed a new format for the buck contest. Duplicate prizes will be awarded on each of the two days. They include: \$50 savings bonds for the first buck, first ten bucks, oldest successful hunter, first female successful hunter and the youngest successful hunter.

The grand prize for the buck with the largest antlers will be a deer rifle with telescopic sight. The antlers will be judged by a Boone and Crockett system.

The new buck pole located at Skip's Sport Shop will be lined with signs on either side listing the names of businesses supporting the contest. Included in the regulation is a requirement that the bucks brought in each day must remain on the pole all day. While Orangecoat Roundup badges will be available in businesses throughout Grayling and surrounding communities, they are not a prerequisite to entering the deer.

Drawing tickets are available to assist in financing the contest. Of course, it is being conducted under a state permit. The first prize in the drawing will be a Redfield Tracker Scope 3-9. The second will be a pair of binoculars valued at \$75. The third prize is a rifle case.

The Christmas Home Tour plans have been completed and six families have agreed to share their Christmas spirit with the community. Chairman for the event, Ernie Dawson and his associate Ruth Steffe, have arranged some interesting experiences for those who participate on December 18th.

The annual chamber banquet was a huge success with 137 members participating. In the haste of mentioning individuals who were given awards, there were those individuals whose hard work made the event a success. The planning committee included Kathy Ashton, Sherry Hanson, Joe Wakeley, John Alef II and Ernie Dawson. Decorations were handled by Janet Raymond of R & H Sports Center and Karen Kammer of True Value Hardware. Norma Naur of Cornell Realty welcomed everyone who attended the affair.

The Grayling Business and Professional Women's Community Service program on baskets at Christmas for the needy has announced the children's annual cartoon movie. The date for the affair will be December 10th and will be held at the Rialto Theatre beginning at 1 p.m. As in previous years the price of admission will be one or more cans of professionally prepared food.

The Business and Professional Women has also indicated that they will happily accept any donations of food or money to be used for the Christmas basket project. It should be mentioned that their program has been in operation for a number of years during the Christmas season and has assisted many needy families and put smiles on the faces of many children.

We were informed that members of the dance class of the Crawford County Arts Council will be dancing with the Northern Michigan Dance Council on Saturday, November 12th at the Traverse City High School. More information can be obtained from members of our Arts Council.

Last week a grand opening was held for the Image Makers Beauty Shop, owned by Denise Rutter and located at 1205 Michigan Avenue - across from the hospital. We wish Denise much success. New members joining the chamber this week are Fred Hinkle of Fred's Auto & Body Repair, Chester Johnston and Jill Wyman of The Icehouse. We certainly welcome them into membership and thank them for their support.

Make sure you are seeing life in the right perspective. Nothing ever looks right when viewed from the wrong vantage point.

Of course there are reasons men descend into manholes—good reasons that contribute to the health and happiness of the community. But viewing skyscrapers isn't very satisfactory from a manhole.

When you look at the many problems that beset mankind, seek first a Christian perspective. God meant each of us to contribute something to making this a better world.

So view the state of civilization as a challenge to constructive living, to sound religious principles, to frank awareness of the spiritual hungers that plague men.

The way to see life clearly is to look with the eyes God has given you...standing at that point in time and place to which God has brought you...and knowing His Way makes the difference!

THE BURTON ABSTRACT DIV. OF FIRST AMERICAN TITLE INSURANCE COMPANY OF MID-AMERICA
108 Bacon Court — Grayling — 348-9832

Sixty three years of concern and interest will be observed November 13-19, 1983 during the annual nationwide observance of American Education Week. This year's theme is "A Strong Nation Needs Strong Schools."

Since 1921, The American Legion, its Auxiliary and other professional groups have promoted, with good cause, the idea of public visitation to our schools.

Though the reasons for their initial activities have changed, these groups and others continue to lead the way in seeking the aid and assistance of every concerned American for better schools.

American Education Week is not just for active parents and educators; it's for everyone. Without the aid of statistics, it is quite apparent that many citizens have not visited their local schools since their own graduation from high school. Exercise your right and responsibility in 1983 and visit the school of your choice.

"A Strong Nation Needs Strong Schools" should remind each of us that we have a duty and a responsibility to see that our children are prepared to take up the roles of citizens and leaders in the years to come.
